

2022 Agriculture Profile

Boyle County

Kentucky: By The Numbers
http://kybtn.ca.uky.edu

Julie N. Zimmerman, Professor, Rural Sociology, Cameron McAlister, Graduate Assistant, August, 2024

In Kentucky, farming and agriculture ranges from large-scale irrigated cash grains operations in the western region to equine and general farm enterprises in central Kentucky and small-scale farming in eastern counties. The Census of Agriculture counts any farm from which "\$1,000 or more of agricultural products were produced and sold, or normally would have been sold, during the census year." The USDA's National Agricultural Statistics Service (NASS) conducts the Census of Agriculture every 5 years (in years that end with a "2" or a "7").

For profiles with data on crops and livestock, go to:

https://www.nass.usda.gov/Publications/AgCensus/2022/Online_Resources/County_Profiles/Kentucky/index.php

The Kentucky: By the Numbers Extension program provides resources and county data to support local decision making. The entire series is available at <http://kybtn.ca.uky.edu>.

	County	State
Farms		
Total number of farms	491	69,425
Average size of farm (acres)	196	179
Land in farms (acres)	96,306	12,431,190
<i>Percent of land area in farms</i>	<i>83.4%</i>	<i>49.2%</i>
Number of operations that are more than 50% owned by one producer's household and/or extended family	479	67,170
Principal Producers		
Total number of all principal producers	854	121,007
Age <i>(Data collected for up to 4 producers per farm)</i>		
Average age of principal producers	58.7	57.1
Number of principal producers who are under 35 years old	45	11,641
Sex		
Number of all principal producers who are male	562	78,099
<i>Percent of all principal producers who are male</i>	<i>65.8%</i>	<i>64.5%</i>
Number of all principal producers who are female	292	42,908
<i>Percent of all principal producers who are female</i>	<i>34.2%</i>	<i>35.5%</i>

2022 Agriculture Profile

Butler County

Kentucky: By The Numbers
http://kybtn.ca.uky.edu

Julie N. Zimmerman, Professor, Rural Sociology, Cameron McAlister, Graduate Assistant, August, 2024

In Kentucky, farming and agriculture ranges from large-scale irrigated cash grains operations in the western region to equine and general farm enterprises in central Kentucky and small-scale farming in eastern counties. The Census of Agriculture counts any farm from which "\$1,000 or more of agricultural products were produced and sold, or normally would have been sold, during the census year." The USDA's National Agricultural Statistics Service (NASS) conducts the Census of Agriculture every 5 years (in years that end with a "2" or a "7").

For profiles with data on crops and livestock, go to:

https://www.nass.usda.gov/Publications/AgCensus/2022/Online_Resources/County_Profiles/Kentucky/index.php

The Kentucky: By the Numbers Extension program provides resources and county data to support local decision making. The entire series is available at <http://kybtn.ca.uky.edu>.

	County	State
Farms		
Total number of farms	648	69,425
