Want to know how many people in your county have responded to the 2020 Census?

The Census Bureau has a continuously updated map online to view response rates by state, county, place, and census tract.

<https://2020census.gov/en/response-rates.html>

As of May 7th, 2020, Kentucky ranked 14th in the nation for responding to the 2020 Census. The highest response rate was 76.8% in Oldham County - which is also the 10th highest response rate of any county in the nation.

To help you quickly view the response rates in your county, screen shots with a few tips are available on the Kentucky: By The Numbers website.

<https://kybtn.ca.uky.edu/content/2020-census-response-rate-map>

Responding to the 2020 Census is important for everyone.

The results are used for allocating federal funding dollars, for determining political representation, and the results are a key source of data for our local communities. For an overview and answers to some commonly asked questions, Kentucky: By the Numbers has a brief publication.

The 2020 Census: Why it Counts to be Counted
